

Subject: TAM Device are placed as per MSO

Dear sir ,

I would like to say that TAM Devices are not absolutly correct audience measurement system in our county ,

As I saw some cases in my territory are some MSO's are palced the same devices as per his (MSO) choice against huge amount paid by its executives or some mediators ...

In circumstances I am drawing your attention to look in to this matter so that kind of wrong or fabricated rating not miplase the all releted agencies or the same service is not repeated.

Yours truely
Naresh Kaushik
