**Comments on
DRAFT
THE TELECOMMUNICATION TARIFF
(SEVENTY FIRST AMENDMENT) ORDER, 2025
(_____ OF 2025)**

Hon. Sir,

Namaskar.

On behalf of our organization, Consumer Protection Association, Himmatnagar, we extend our appreciation to the Telecom Regulatory Authority of India (TRAI) for its consistent efforts in safeguarding consumer interests, promoting transparency, and fostering fair competition in the telecommunications sector. We take this opportunity to express our wholehearted endorsement of the "Draft The Telecommunication Tariff (Seventy-First Amendment) Order, 2025."

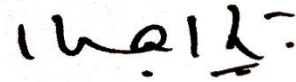

The proposed amendments reflect TRAI's commitment to addressing critical issues related to consumer protection, affordability, and equitable service delivery.

We particularly applaud the emphasis placed on ensuring affordability and transparency in tariff structures, as this aligns with the growing demand for accessible and quality telecommunications services in today's digital economy.

In conclusion, we strongly support the "Draft The Telecommunication Tariff (Seventy-First Amendment) Order, 2025" as a progressive and consumer-friendly initiative. We remain committed to collaborating with TRAI to further its mission of protecting consumer interests and enabling a robust telecommunications sector.

Thanking you for inviting stakeholders' views on this critical matter.

Yours sincerely,

(Dr. Kashyapnath)
President
